

COLLECTIVE IMPACT

10/5/2022

COMMON AGENDA

To become a more trauma-informed and resilient community where:

Everyone has what they need to be well.

Everyone understands trauma and its impact.

Everyone has what they need to support themselves and each other.

Take Attendance

Do we have a quorum for today's meeting?

50% + 1 of total membership AND at least one representative from each work group. For this process, the backbone will function as a work group.

ONGOING STRATEGIES

What do you need in order to engage in collective work around the Common Agenda?

X	common definition of what trauma is
	road map for action – common action steps to get to shared result
	shared metric to measure progress
	active engagement from all members
	connect internal (Core) conversations to community
/	monthly focus re: trauma that can be communicated to groups
	how does workgroup activities impact trauma?
	a menu of actions/things to advocate for

What is trauma?

A personal, community, or institutional experience that leaves that entity feeling hopeless or helpless.

What happened since our last meeting?

Strategy

Everyone knows what a resilient community looks like & how to achieve it.

Tactic

Address the Common Agenda in all Work Groups

Action Steps

Before taking action in Work Groups or at the Core, all members will ask: Is this something that may leave the impacted parties feeling hopeless or helpless? Does it build resilience?

Jackie will re-share the Everyday Trauma-Informed Practices document

Jackie will share an informal decision that may cause trauma & a simple solution

Jackie & Madeline will bring info from the Community Engagement Practice Cohort

Jackie & Madeline will consider how we can keep the shared definitions front-and-center

What did we learn?

Before taking action in Work Groups or at the Core, all members will ask: Is this something that may leave the impacted parties feeling hopeless or helpless? Does it build resilience?

What did we learn?

Jackie will share an informal decision that may cause trauma & a simple solution.

How do we make decisions?

If we don't have a clear decision-making process *that is used consistently*, we often end up making decisions based on the loudest voices in the room – regardless of whether those voices truly make up a majority. This ambiguity also means that some decisions can drag on for longer than necessary because there is no clear end point for when the decision is made.

By having a decision-making process that involves everyone and is used every time, our meetings become more inclusive and more efficient.

What did we learn?

Jackie & Madeline will bring info from the Community Engagement Practice Cohort.

What did we learn?

Successes

- Follow up email from LHN member linking topic to content of meeting
- LHN – someone who is not core member said “wow! good conversation”
- CoC – safety came up in discussion naturally, very powerful – discussion provoked action

Lessons Learned

- Asked leadership to prep examples in advance, to get conversation going
- Asked members to be specific re: examples in their sphere
